Swirled Flavors

Our most popular by far, swirled flavors are similar in appearance to a marble cake or marbled cheesecake. Each cake has a Fruit, Cheese or Caramel filling swirled into the batter before being baked.

These cakes are preferred over fillings for their stability in transportation and the cake has an extremely moist and delectable taste.

At the time of your estimate you will receive 2 samples of our cake to take and try. Usually a Traditional and a Specialty flavor.

When your deposit has been placed to reserve your date you have the option to pick up to 4 flavors as samples. These samples may be chosen the day of your deposit or called in at a later date. Since samples are made from the extra batter of other cakes ordered you may have to wait on some of the more unusual choices. Swirled flavors are usually available within a week or two.
